

THE INTELLIGENCER.
LOCAL MATTERS.
Circulation nearly 1900.

Go to the Park on Friday afternoon for ice cream.

Beef is down to 4 cents, and the butchers say it is fine.

A good mule cow for sale. Apply at this office for particulars.

Be sure to attend the meeting of the Democratic Club this afternoon.

Maj. E. E. Willis and family, of Charleston, are at present the guests of Hon. J. P. Reed.

Col. L. E. Campbell says that he has thirty acres of corn that will not yield a bushel to the acre.

Mr. Thomas R. Ayer and family, of Barnwell, are visiting their many friends and relatives in our midst.

Reuben Sidney, infant son of Mr. S. A. Brynson, died on the 27th of July, aged one year and nine months.

A good turnip crop will be a great help during the winter to those farmers whose corn crops are cut short by the drought.

The Williamson Female College opened on Monday. Misses Estelle Durand and Varina Brown, of Anderson, are in attendance.

The patrons of R. Y. H. Nance, shoemaker, are requested to call on him at his shop over Whitely & Whitely.

Mr. E. H. Poor, of Tony Creek, is reported as having a very fine crop of bottom corn, and as the river bed is low there is no danger of an overflow.

Don't forget to register. The books are now open in the Town Clerk's office. Register and vote the Democratic ticket, whatever it may be.

An itemized statement of the Town Treasurer, embracing the receipts and disbursements of the past year, will be published next week.

Messrs. J. R. & L. P. Smith will occupy the rooms over the store of Messrs. A. B. Towers & Co., while the stores on McCully's Corner are being built.

The farmers should sow largely of small grain this fall. Oats and barley will be a great help in the way of a substitute for corn next spring and summer.

Mrs. Mary Harkins, an aged widow lady of Bolton township, died on Sunday morning, and was buried in the Anderson Baptist graveyard on Monday evening.

The low place in the northeast corner of the public square is being filled in with dirt, which will be covered with sand. It is a piece of work that has long been needed.

The Presbyterian Church will be closed on next Sunday. Dr. Frierson delegates the new house of worship recently erected by the Presbyterians of Central on that day.

Said a young lady to us a few days ago: "It is very impolite in the young men to smoke at the Park on Friday evenings. Ice cream and tobacco smoke don't go well together."

The people of Chester are making extensive preparations for the joint meeting of the State Grange and State Fair Association on the 12th instant. The meeting will doubtless be a pleasant one.

A citizen of Anderson has discovered that the pulp of the ordinary grape make a most delicious marmalade. Housewives have hitherto regarded them as worthless for any purposes of the table.

The annual meeting of the Saluda Baptist Association, which convened with Mt. Bethel Church on Tuesday last, is better attended than usual, and will doubtless be a profitable one for the denomination.

Better than ever. C. A. Reed, Agent, now offers his entire stock of hats and clothing ten per cent. below New York wholesale prices. Object—to close out and make room for new stock.

If the cotton crop of the Southern States should be increased to 10,000,000 bales next year, attribute it to the fact that the Abbeville Mill has made the wonderful discovery that the cotton plant can be successfully transplanted.

Mr. J. M. Sullivan contemplates opening a store in the Benson House about the 10th of September next, in which will be kept a stock of general merchandise. Mr. Sullivan will go North the first of September to lay in his stock.

Rev. Hugh F. Oliver, of Edgefield, gives the following advice through the *Religious Herald*, the leading Baptist paper in the South: "Get thee out of thy country and away from thy kin; and a great man mayst thou one day find thyself."

There are not many men in Anderson County with more public spirit than Mr. S. McCully. He is always ready for every public enterprise, and has expended more money in improvements in the town since the war than any other man in it.

Messrs. J. Reese and W. A. Fant will open a stock of general merchandise in the new store adjoining the Masonic Hall about the first of September. The senior of the firm will go to Northern markets about the 20th instant for their goods.

A gentleman who has been experimenting with orchard grass says that it is the very thing for our yards. It cannot be killed out by drought. It may die down, but as soon as it rains it will come up and cover the ground beautifully.

A gentleman from the lower part of this State, who is visiting the up-country, remarked to us the other day that, considering its size, the crowd in town on Monday was the most orderly one he ever saw congregated anywhere on a holiday.

The observation of a young man of Anderson is that young men are not naturally bad. Those who get into bad habits are those who let themselves into them, by bad associates, who are generally as much to blame as their unfortunate followers.

Mrs. Mary Prevost and Mr. C. H. Orr left Anderson on Tuesday afternoon for Philadelphia, where they will be joined by a few friends, from which place they will sail for Europe. They will visit the principal cities of the Continent, and will be gone several months.

A prominent citizen said to us a few days ago: "I venture the assertion that there has not been a Council since the war that has done half as much for the people of Anderson as the one just going out." And of course he is in favor of continuing them in office for another year.

The Abbeville Press and Banner, which has been playing the role of peace-maker and lecturer for the country press of South Carolina for the past year or two, has itself gotten into trouble by criticizing the positions the papers of the State took on the Spartanburg lynching; and the *Newberry News* of last week before last and the *Pickens Sentinel* of last week strike at our Abbeville neighbor with slanders they evidently mean what they say, and we shall see how the matter ends.

The old frame building on McCully's Corner has been torn away, and will be replaced immediately by two neat two-story brick stores. The old building has long been in a dilapidated condition, and it is a relief to have it down. It was more than fifty years old.

There will be a match game of baseball at the Blue Ridge yard on next Friday afternoon between the Resolutes, of Greenville, and the Challengers, of Anderson, the former being the challenging party. The game will commence at 3 o'clock, and the public generally are invited to witness it.

Should any of our friends and patrons wish anything that cannot be procured in this market, we will be pleased to forward their orders to our Messrs. Arnstein and Rose, who are at present in New York purchasing fall goods.

Slabtown Grange No. 141 will hold a regular meeting on Saturday, 16th of August, at 10 o'clock a. m. Brushy Creek and Bishop's Branch Granges are invited to attend the meeting for the purpose of completing the organization of an Associate Grange. Col. E. M. Tucker and other speakers will address the meeting.

Mr. D. L. McKee, who moved from this County to Calhoun County, Alabama, some 27 or 28 years ago, has been on a visit to his relatives in the lower part of this County for several months past. He says that South Carolina is a better State for the farmer than Alabama, and that he intends to make his home in Anderson County in the future.

There was a good large crowd in town on Monday, and as usual good order prevailed throughout the day. Several tracts of real estate were sold, among which was the Pool Spring place, the late residence of Gen. J. W. Harrison, situated in the northwestern portion of the town of Anderson, which was purchased by Maj. E. B. Murray.

Those of our farmers who have counted on 10 cents for their cotton this fall had better change the basis of their calculations to 8 cents, as it is more than probable that the market will be glutted. The editors of the Abbeville *Mediam* have gone into the cotton raising business, and as their crop was transplanted of course the yield will be tremendous.

John E. Peoples has on hand a Hall's Gin and Condenser, all attached. Hall's gin is considered one of the best, and runs successfully with the feeder and condenser. Those who expect to purchase a gin this fall should call on Mr. Peoples and examine his gin before purchasing. He can also furnish you with any width of rubber belting and any kind of press you may want.

The Palmetto Band, accompanied by several of our young men, attended the Survivors' Picnic at Greenville on Friday last, leaving Anderson on Thursday afternoon, and returning on Saturday morning. They express themselves as highly pleased with the manner in which they were received and treated by the hospitable people of the "Mountain City," and say that if it had not been for the heavy and frequent rains that fell during Friday, the picnic would have been in every respect a grand affair.

The *Religious Herald*, published at Richmond, Va., has invited Rev. W. H. Strickland to be the guest of the Greenbrier and White Sulphur Springs, West Virginia, the most fashionable watering place in the South, and he goes on Friday to accept and enjoy the kindness. He will extend his visit from the Springs to the principal cities and places of interest in the North, and will be gone until about the first of October.

The heavy rain on Saturday last did considerable damage in several sections of the County. The dam of Carville's mill, (the old Norris' mill), 4 miles south of this place, was broken, and the crops immediately below the dam were considerably damaged. The culvert in the Railroad between the depot and tank at this place was also damaged, the brick walls having caved in, completely filling it up. The Supervisor of the Road is at work with several hands repairing the damage.

Mr. Johnson Moseley, of Lowndesville, met with a serious accident one day last week while cleaning out his well. He had finished his work in the well and was coming out, and when near the top the rope gave way, and he was hurled to the bottom of the well, about thirty feet deep. Fortunately there was no water in it, or he might have been drowned, as he was severely stunned by the fall, and was unconscious when taken out. The disaster was caused by the carelessness of a negro who was assisting Mr. Moseley in his work.

Pass Him Around. One Prof. A. W. Jones, who professes to be a horse-tamer, came to Anderson during the latter part of last week, and remained in our midst until Monday, when he demonstrated the fact that he is a first-class lumbing and swindler. He succeeded in raising a class of about twenty farmers, each of whom paid him fifty cents tuition, who were to receive, in addition to a valuable instruction, small books containing valuable information concerning the horse, and how to break him of bad habits, &c. One of the duped farmers informs us, however, that the remedies given for breaking horses of bad habits were worthless, and the promised books were never received. He is a trifling fellow, and should be punished for his swindle. He is a low, well-built man, with black hair and thin black side-whiskers, with dark complexion. He should be published by every paper in the State. He left Anderson on foot, late Monday evening.

A Trestle Burned. A small trestle on the Greenville and Columbia Railroad, about fifty miles above Columbia, was burned on Thursday last, and as a consequence the trains were delayed an hour or two for several days. The greatest inconvenience occasioned by this accident, however, was to the passengers, who were compelled to walk at least half a mile, over very rough road, in order to get to the train on the opposite side of the break. Such treatment was unaccommodating and unjust on the part of the Road, and its authorities deserve the severest censure for their conduct. It is more than the traveling public should tolerate. On Friday there were several ladies on the train who were in feeble health, to one of whom the train from one train to the other came near proving a very serious matter. It was the business of the Road to have had carriages or hacks in which to convey the passengers from one train to the other. It would have been a small matter to the Road, and a very great accommodation to its patrons. The authorities cannot be too careful in this respect.

Savannah Valley Railroad.
It will be seen from the report of the managers receiving the vote for subscription or no subscription to the Savannah Valley Railroad, that the vote for subscription largely predominated in each of the three townships where the election was held. This result ensures the building of the road to Lowndesville, and makes it of very great importance to us that it be extended to this place; for if it runs from Augusta to Lowndesville and no further, most of the trade from below will be carried away from Anderson. By securing this road capitalists will be induced to come here. The charge on freights will be much reduced, as the Georgia and the Anderson and Savannah Valley Railroad will compete with the Air Line Road in bringing freight from Atlanta, and it will compete with the Greenville and Columbia Road by its connection with the Northern markets through the Charlotte, Columbia and Augusta Road. It is therefore of very great importance to the people of Anderson that they should get this connection, which can be done at a reasonable cost. Our people again have an opportunity of getting a competing line of railroad, and if they fail to do so they will in the future see their mistake. The number of independent lines of Road running to a place is a fair index of its prosperity, and we cannot expect our town to grow to much extent unless we get other railroads and keep up with the spirit of improvement that animates the age. It is impossible to tell to what extent the country will continue to build railroads, and if we are left without what we have, and remain in a measure isolated from the great commercial connections, our town will not grow commensurate with the growth of other towns and the prosperity of the country.

Transfers of Real Estate.
The following transfers of real estate are recorded in the Auditor's office as having been made during the month of July: S. McCully to Mrs. M. R. Lewis. Tract of 2 acres in Anderson. Deed of gift. C. S. Mattison to E. A. Norris. Tract of 128 acres in Rock Mills township. Consideration, \$734.

George W. Williams to Joseph R. Robertson and Frank E. Taylor. One lot in Pendleton. Consideration, \$1,000.

George W. Williams to Joseph R. Robertson and Frank E. Taylor. Tract of 368 acres in Garvin township. Consideration, \$5,000.

George W. Williams to Joseph R. Robertson and Frank E. Taylor. Tract of 23 acres in Pendleton. Consideration, \$300.

Adam J. Cromer to Jos. H. Cromer. Tract of 50 acres in Fork township. Consideration, \$310.

Elizabeth Acker to R. Y. L. Cheshire. Tract of 51 acres in Honea Path township. Consideration, \$200.

William N. Saylor to James L. Saylor. Tract of 115 acres in Martin township. Consideration, 6,000 lbs. lint cotton.

Democratic Club Meeting.
The meeting of the Anderson Club on this (Thursday) afternoon will be an important one, and every member should be present. A ticket for Intendant and Wardens of the town of Anderson is to be nominated on that occasion. There is no place to settle local differences, and every good citizen who wishes the success of the Democracy and the maintenance of our organization should come prepared to settle them there. The continuance of the Democratic Council means a continuance of economy and good management. It will be remembered that the present Council, which has reduced taxes lower than they ever have been since the war, and kept the town well governed, is a straight Democratic ticket. The people are delighted with the result, and the ticket nominated must be elected on next Monday.

Proceedings of the Town Council.
Council Chamber, July 22, 1879. The Town Council met this evening at 3 o'clock. Present—G. F. Tolly, Intendant; W. S. Ligon, J. C. Whitefield, E. F. Murray, Wardens.

Accounts amounting in the aggregate to \$134.95 were audited and passed. Mr. J. D. Maxwell informed the Council that he would not be able to serve as manager of election on Monday, and Mr. Sam'l Crawford was appointed in his stead.

On motion, the Council ordered the Clerk to pay the Chief Marshal 50 cents per day hereafter for dieting prisoners.

On motion, the Chief Marshal was granted a release from duty until next Monday morning.

The case against Jim Prince was called, and after examination of witnesses the defendant was found guilty and fined five dollars and costs, or 10 days work on street.

The case against Frank W. Hahn, for refusing to work on the streets when warned, was called, and after examination of witnesses a fine of five dollars and costs, or 20 days' work on the streets, was imposed on defendant. He was allowed until Monday next in which to pay his fine.

Broadway Picnic.
Mr. Emory—I am proud to be able to say the picnic given by the good people of Broadway in behalf of the Sunday School cause was a success, and we do feel that it would be doing injustice to them not to chronicle the same in your paper.

Notwithstanding the inclemency of the morning there was a good turn out. The spirit manifested shows that the people in that vicinity are doing in the Sunday School work. They are at work with gloves off. May their efforts be blessed and the glorious work continue. The crowd having assembled between 11 and 12 o'clock, we repaired to the stand just across the railroad from the school house. The people having congregated at the stand, prayer was made by Mr. G. F. Tolly, then the wagon began to move forward with the "little wheel" in front.

Mr. Columbus Wardlaw was then introduced to the audience, and having termed himself the "little wheel," proceeded to set forth the definition, benefits and effects of the Sunday School. Meeting of Anderson Democratic Club.
There will be a meeting of the Anderson Democratic Club on this (Thursday) afternoon at 6 o'clock, for the purpose of nominating a ticket for Intendant and four Wardens. A full attendance is earnestly desired.

G. F. TOLLY, President.
Result in Abbeville.
The following is the official report of the County Commissioners of Abbeville County on the Railroad election held last week:

ABBEVILLE, C. H., Aug. 4, 1879. The managers of election appointed to conduct the election in Lowndesville, Magnolia and Calhoun townships, for the purpose of ascertaining the voice of the legal voters of said townships as to subscription or no subscription to the capital stock of the Savannah Valley Railroad, at the election held July 21st, 1879, report as follows: Lowndesville—Subscription, 278; no subscription, 61. Magnolia—Subscription, 169; no subscription, 21. Calhoun—Subscription, 188; no subscription, 21.

It appears from the returns of managers that each of the above named townships have voted for subscription. It is declared that the result of the election shows that a majority of the legal voters of said townships declare in favor of subscription. A protest was presented by eleven voters of Magnolia township to that effect the election upon eight separate counts as to said township. After examining the testimony the election was declared valid. By order of the Board.
G. M. MATTHEW, Chairman.

YES, I AM PROUD OF THE NAME—WOMAN'S BEST FRIEND.—To relieve the aching heart of women and bring joy where sorrow reigns supreme, is a mission before which the stakes of kindred living in utter insignificance. To do this is the peculiar province of Dr. J. Bradfield's Female Regulator, which, from the numberless cures it has accomplished, is appropriately styled Woman's Best Friend. The distressing complaint known as the "whites," and the various irregularities of the woman, to which woman is subject, disappear like magic before a single bottle of this wonderful compound. Ask your druggist for it.

HYMENAL.

TUTT'S PILLS!
INTRODUCED, 1865.
A TORPID LIVER
is the fruitful source of many diseases, prominent among which are:
DYSPEPSIA, SICK-HEADACHE, COSTIVENESS, DYSENTERY, BILIOUS FEVER, AGUE AND FEVER, JAUNDICE, PILES, RHEUMATISM, KIDNEY COMPLAINT, COLIC, &c.

SYMPTOMS OF A TORPID LIVER.
Loss of Appetite and Nausea, the bowels are costive, but sometimes alternate with looseness; Pain in the Head, accompanied with a dull sensation in the back part; Pain in the right side and under the shoulder-blade, fullness after eating, with a distension to expansion of body or mind; Irritability of temper; Loss of spirits; Loss of memory, with a feeling of having neglected some duty; General weariness; Dizziness; Flushing at the Heart; Drowsiness before the eyes; Yellow skin; Headache generally over the right eye; Restlessness at night with fitful dreams; Highly colored Urine. IF THESE WARNINGS ARE UNDETERRED, SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS
are especially adapted to such cases, a single dose effects such a change of feeling as to astonish the sufferer.
TUTT'S PILLS
are recommended by the most eminent physicians as the most delicate and powerful purgative for the system. They are free from any properties that can injure the most delicate organization. They cleanse, cleanse, purify, and invigorate the entire system. By relieving the congested liver, they clear the blood, and thus remove from the system all impurities, and thus impart health and vitality to the body, and enable the bowels to act naturally, without which no one can feel well.

A Noted Divine says:
"DR. TUTT'S PILLS—Dear Sir: I have been a sufferer from Dyspepsia, Constipation and Piles, and have used many remedies, but have not found relief until I have used your 'TUTT'S PILLS.' I am now a well man, and feel good, and I have gained forty pounds since I began to use your pills. I am, Sir, your obedient servant, J. M. P. B. N. L. N. Y."

TUTT'S PILLS.
Their first effect is to increase the appetite, and cause the body to take on flesh, thus the system is invigorated. They are recommended by the Digestive Organs, Regular Stools are produced.

DR. J. F. HAYWOOD, OF NEW YORK, SAYS:
"For dyspepsia, constipation, and piles, I have used your 'TUTT'S PILLS,' and have found them to be the most powerful and reliable purgative I have ever used. TUTT'S HAIR DYE.
GRAY HAIR OF WHATEVER COLOR, can be turned to its original color by a single application of this Dye. It is the best and most reliable. It is sold by Druggists, or sent by express on receipt of the price. Office, 35 Murray St., New York.

LADIES' READ THIS.
THE STEAM COOKER which I have been advertising is recommended by the following housekeepers who have purchased since my advertisement first appeared:

Mr. L. H. SEEL—Dear Sir: I have successfully used your "Steam Cooker" two months, and I can recommend it to all housewives.

Mrs. LETTIE J. RUSSELL—Dear Sir: I would advise every lady to buy one of your "Steam Cookers" who has not yet bought.

Mrs. W. M. BURRIS—Dear Sir: We are using your "Steam Cooker," and are delighted with it.

Mrs. L. H. SEEL—Dear Sir: I am using your "Steam Cooker," and would not be without it.

Mrs. A. A. FRIERSON—Dear Sir: I have found your "Steam Cooker" to give perfect satisfaction in all the articles cooked, and in rice and hominy it is a decided saving, as the whole of these articles leave the stove without caking and the usual waste. Yours truly, Mrs. A. A. FRIERSON.

Mr. L. H. SEEL—Dear Sir: I have bought your "Steam Cooker," and have given you my highest satisfaction. It cooks admirably, and is a desirable addition to the culinary department.

Mr. L. H. SEEL—Dear Sir: I have used the "Steam Cooker," and take pleasure in stating that it gives entire satisfaction. Would not be without it. Yours truly, Mrs. L. P. SMITH.

A NEW and Valuable COOK STOVE.
I also now have for sale the new KEROSINE COOK STOVE, which is the most economical and convenient culinary arrangement for cooking generally that can be found anywhere. It saves cost in wood, is perfectly safe, and works admirably. It will afford pleasure to have you call and examine it for yourself. I have made a practical test of it, and can recommend it most heartily. In order to present inducements to try this arrangement, I will sell a Steam Cooker, Rice Oven and Kerosene Stove at the following:

Extraordinary Low Prices: No. 2 at \$7.00; No. 3 at \$10.50; or No. 3 at \$12.00. Call and see me in West End of Waverly House, Anderson, S. C.

LOOK IN FRONT OF THE TIDE.
LADIES' STORE STILL AHEAD!
MISS LIZZIE WILLIAMS has just returned from the North, where she superintended the selection of her Goods in person. Past experience gives promise of future success. We promise our friends if they give us a call to show them
'ALL THE NOVELTIES OF THE SEASON,
In great variety. We have the latest in the way of
Hats, Gloves, Shoes,
Pretty Things for the Neck, Face and Feet,
In fact, everything to make the Ladies look neat, sweet and dear to the heart, but CHEAP TO THE POCKET. Give us a call, examine for yourself, don't take our word. Remember, we are not to be undersold. Thanking the public for past favors, we solicit a continuance of the same at the
LADIES' STORE.

Spring and Summer Goods
IN ABUNDANCE AT
W. A. CHAPMAN'S.
HAVING just returned from Northern markets, where I purchased in person a large and complete stock of
DRY GOODS,
CONSISTING OF
CALICOES, MUSLINS, BUNTINGS, CASHMERES,
And in fact, every description of Ladies' Dress Goods.
LADIES', MISSES' and CHILDREN'S SHOES
Of the latest styles and best quality. I would call especial attention to my large stock of ZIEGLER'S HAND-MADE SHOES.
LADIES' and CHILDREN'S HATS
Also kept on hand, together with a full stock of
NOTIONS, ETC.,
All of which I am prepared to sell at the Lowest Cash Prices. I am determined not to be undersold by any one. All I ask is a fair trial by the reading public. My Goods are of the best quality, and are guaranteed to give satisfaction. Call and examine my stock before purchasing.
